SELECTMEN'S FORWARD

Marlborough, like all N.H. towns, is feeling the effect of reduced State service and support in many ways. The State is giving less support for the poor and elderly, less service to the library, less funding for highways, and in general more dependence upon the local towns to fund a larger share of social programs. We have, however, made up much of these financial reductions by prudent management and investment of our cash flow and, where in the past we have borrowed and paid interest, we now have earned interest in excess of \$14,000. This is possible because of the semi-annual payment of taxes in June and December.

The Town is very fortunate to have such fine Department Heads, employees and volunteers, and we both thank and congratulate them for another year of fine performance. By their prudent management we have spent \$41,445 less than budgeted last March.

Much of the Selectmen's time and effort this year has been focused upon five major areas; (1) cash management mentioned above, (2) preparations for the Sewer Contracts, (3) efforts to reach a viable plan for repairing Main Street, (4) planning to establish recycling and a new solution to waste disposal, and (5) arrangements for the use of the Minnewawa dam for hydro-electric power generation.

If this may be considered a "State of the Town" message, we report that the Town is in excellent shape financially and is on the move toward completion of these four outstanding projects to improve our Town and its quality of life.

We thank all the Townspeople who have been so cooperative during all of these activities.

MARL-HARRIS FIRST AID AND EMERGENCY SQUAD INC.

1983 Service Report

For the period of January 1 thru December 31, Marl-Harris made 116 calls. Of these 102 were emergency, 14 were non-emergency or stand-by. Of the 102 emergencies there were 16 no-transport and 18 Auto accidents with 17 patients. There were 18 runs to Harrisville-Chesham. The stand-bys included parades in Marlborough and Harrisville, Marlborough Old Home Days, 2 fires in Harrisville, 1 General Alarm in Marlborough and 1 drill.

We wish to thank the police and fire departments for their help and cooperation; we sincerely appreciate it.

Your contributions and donations in memory of loved ones and friends are certainly appreciated and help us remain self-supporting. During our 13 years of service we have not used any of your tax dollars.

Any resident of Marlborough or Harrisville interested in becoming a member of the ambulance squad is invited to attend a squad meeting on the first Wednesday of the month, or contact a squad member, so first aid training can be arranged.

We again remind all residents of Marlborough and Harrisville to call **352-1100** if they need emergency service of any kind.

FIRE WARDS REPORT

The Marlborough Fire Department answered 47 calls during 1983. This compares to 44 calls answered in 1982.

The alarms answered were 29 still alarms, 2 general alarms, 5 brush alarms and 11 mutual aid calls of which 1 call was to Dublin, 3 to Harrisville, 4 to Keene, 2 to Swanzy Center and 1 to Troy.

Special training for the year consisted of several members attending Meadowood Fire School, taking a CPR refresher course, taking a self-contained breathing apparatus course and burning two old buildings.

The building addition authorized at the March 1983 Town Meeting is now 95% complete.

School activities included the Captain NoBurn program and a fire safety poster contest. A Halloween parade and party consisting of costume judging with cider and donuts following was given for grades K through 6.

We are pleased to report that to the best of our knowledge, all major equipment is in good shape. During the year we upgraded an old truck radio, purchased additional self-contained breathing apparatus and converted two old units to current OSHA standards.

The Fire Wards wish to thank the Selectmen, Townspeople, Local and State Police for their cooperation during the past year and extend a special thanks to the Fireman's Ladies Auxiliary for their assistance and donation of new equipment.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000. and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, **"Remember, Only You Can Prevent Forest Fires!"**

CHIEF OF POLICE REPORT TO THE CITIZENS OF THE TOWN OF MARLBOROUGH, N.H.

1983 was another productive year for the Marlborough Police Department. A 73% clear case log is again well above average. Several troublesome people responsible for continual crimes were arrested and incarcerated. Numerous potential problems were addressed and hopefully alleviated.

Special thanks are again in order for the first rate services and assistance rendered by the Marl-Harris Ambulance crew and the Marlborough Fire Department. Time after time they come through when it counts.

Two dark notes ion 1983 were the passing away of former Police Sgt. Romeo Bleau, and the retirement of Police Lt. David Cheney. Both were very special people who donated many years of exemplary service to the Town of Marlborough.

Respectfully
Peter W. Henry

1983 PLANNING BOARD REPORT

This past year has been characterized by three major areas of involvement.

1. An increase in subdivision requests.
2. A law suit involving the development and utilization of a gravel pit (settled out of court).
3. Review of the Zoning and Planning Law recodification (Laws 1983 - Chapter 447)

Presently, with the assistance of the South Western Regional Planning Commission, plans are being formulated for the revision and updating of the Marlborough Master Plan. This project (required by law) will be completed by March 1985 and will require the active participation of the Marlborough citizens.

It is most important that the Town of Marlborough look at itself - Now, and in the future and establish a plan for it's growth and development.

We urge your support of this important project.

In the Spring of 1983, Gary Langley resigned as Chairman and was replaced by Manfredo Torelli. Also, Ronald DiMeco was appointed to replace Henry Southwell on the Planning Board.

REPORT OF THE OVERSEER OF THE POOR

During the past year the Overseer's office has dealt with 76 townspeople. Either through our own tax-generated funds or the many referral services available to us in the Monadnock Region, we were able to help them all.

Despite unemployment in the area and a carry-over of \$877.34 from the 1982 budget we managed to stay within our Direct Aid budget until we got four state-mandated custody matters during the Fall. These cases have necessitated court appearances and legal charges as well as town funds for board and care. We are continuing to address problems related to these cases as they arise.

LIBRARIAN'S REPORT

In January of 1983 the Board of Directors of the Frost Free Library made a firm decision to keep abreast of the rapid growth in the fields of knowledge and communication by purchasing a computer. In December, after months of study, discussion and preparation, an Apple II was purchased through the New Hampshire State Buy Program, which allows a 25% discount to all schools and libraries. Funds for the purchase were derived from interest on the Mary Lodge Estate bequest. The computer will be the first step in linking references and resources with other libraries throughout the state. A very important secondary purpose is the opportunity for all library users to become familiar with the various diverse functions (educational, business and fun) the Apple has to offer.

The refurbishing of the interior was completed this year. New yellow paint brightened the walls of the old building and the ceiling was patched and painted. We have received many compliments on the fine work done by Norfinn Industries of Marlborough. (Hal and Sue Tonseth)

New magazine racks were purchased for the library this year in memory of Wayne and Nancy (Ware) Lindon and Margit Tonseth. These beautiful shelves have made it possible to effectively display our abundant supply of magazines and doubled their circulation.

We wish to thank the Friends of the Library for their continued support under the leadership of Susan Holbrook. This year the Friends sponsored the Morris Dancers in the spring, the annual summer Book Sale, made purchases of books, puzzles and toys and continued to produce the monthly bookmark listing activities at the library. They also delivered to shut-ins and baked for every and all occasions. We were all shocked and saddened by the loss of Ruth Budd, a charter member of the group.

Other new features at the library this year include an historical picture file of Marlborough; a Polaroid Sun Camera which may be checked out for patron use and Nurse's Office hours every **Wednesday afternoon** from 2-3 P.M. A slide show of historical homes and businesses in Marlborough is also available for groups and classes, upon request.

The library will continue, in 1984 to sponsor concerts, classes, discussion groups, blood pressure clinics, story times, reading clubs and etc. We are always looking for townspeople to conduct programs or give classes in their skilled areas. Our display cases are available for hobbies, collections and topics of interest.

As a final note the library staff wishes to thank Elizabeth Richards, who retired this year as Chairman of the Board of Trustees, for many years of dedicated service. It is people of her caliber who have in the past and continue today to serve our town so well. The library staff appreciates the dedication of our trustees, the Friends and our patrons. You make our job a pleasure.

SCHOOL BOARD REPORT

This past year can be characterized to have been a year of stabilization. The board, school administration and staff have focused on the implementation and strengthening of the elementary and junior high school programs.

Great strides were made in the area of computer education and in the process of updating the curriculum, a foreign language program will be implemented in the coming year.

In October, and for a period of approximately three months, a master contract was successfully negotiated with the Marlborough Teachers Association. This three-year contract focused primarily on salary compensation with the goal of offering our excellent teaching staff a competitive position in the area's teaching field and with an end result to create a greater stability in the classroom.

After many months of negotiations, we were awarded the B.O.R. (Bureau of Outdoor Recreation) funds for the construction of the new school/community playground area. This playground will have a dual purpose for use by the school and the Marlborough community at large. We trust that this will serve as a cornerstone for the downtown Marlborough area.

These are just a few of the highlights of this past year. Your school board wishes to express their gratitude for the support given to them. We will continue to strive to bring "Excellence in Education" to the Marlborough students in order to maintain the A-1 category which was given by the State Department of Education to the Marlborough School District.

Manfredo L. Torelli, Chairman
Marlborough School Board

ADMINISTRATIVE REPORT

All agree that the Marlborough Schools have done well this year. Student achievement is up, facilities are improved, parents are pleased, teachers are encouraged, and it is easy to find good spirit for the school in town. Strong local support for public education is paying off, and is benefiting the community.

While some question the product of our nation's schools, we are seeing gains in local student achievement. Improved math, language arts, and computer programs in Marlborough are showing us better student skills. Accountability testing in English, language arts, math and social studies again shows our average students at Marlborough Elementary School scoring in the top quarter in comparison to others tested at their grade level.

With these advances come improved attitudes, and renewed involvement by students and parents in school programs. The town has every reason to be proud of what it is doing for its children in an era of diminishing resources.

Even with this growth we still must try to become better. Our young people must be prepared to cope with the difficult years ahead. Students from Marlborough should have the same advantages as others in foreign languages and improved science programs. Staff training and teacher expectations for growth needs to be increased. Involvement by parents and community resource people should be expanded.

Recently the Board and the Marlborough Education Association signed a three-year negotiated agreement which will bring our teachers closer to a competitive pay level with good schools over the next three years. Realizing that our schools will only be as good as the teachers we hire, the board has put Marlborough in a better position to recruit and retain strong teachers.

Your school board has worked hard for you to direct these many accomplishments. Long hours, alertness to details, and genuine concern for the students of the district describe typical characteristics of this board. It has been our pleasure to work with them as they have represented you.

Special thanks go to the staff, parents, students and community leaders who have reached out to us this year with the change in administration. Your extra efforts have been greatly appreciated.

Lawrence E. Seavey
Assistant Superintendent of Schools

PRINCIPAL'S REPORT

This school year is one of the best ever. Students are applying themselves as never before. The school looks well physically. Every possible effort is being put forth to continue the progress the school has experienced. Though the quality of education is improving the budget remains fiscally conservative. The intent is not to add new programs or equipment indiscriminately, but to improve what exists and to increase the quality of instruction.

A number of physical changes have been made. The American Legion donated a new flag pole and flag. A new sign adorns the entrance. Railroad ties border the lawn, flowers have been planted and every possible attempt is being made to grow a lawn in front of the school.

Marlborough was awarded a grant which, along with school funds, permits the creation of a community-school playground. Work started this fall with the addition of a hardcourt and paths. In the spring new equipment will be installed - new swings, a whirl, benches and a large playground structure. This structure has a slide, climbing apparatus, a clatter bridge, a tire swing and many other exciting things.

For the second year in a row, Marlborough received the highest possible rating from the New Hampshire Department of Education. Out of 324 public elementary schools only 38 schools received a rating of 1-A. This new status is a tribute to the community, the school board, and the faculty. Everyone should take pride in this accomplishment.

Marlborough was chosen by Commodore Computer Corporation as an Education Resource Center. This honor is unique since we are the only center in the state. A number of exciting programs are under way utilizing the computer. All students are learning "LOGO", an interactive program that challenges students to use their creative and mathematical abilities. Students in grades 4 and up are using a word processing program specifically written for students called "Bank Street Writer." This unique program motivates students to write and assists them to become better writers, both grammatically and stylistically.

This is the second year of a new math program called STAMM. Now grades K-6 are using this program. We are seeing the fruits of last year's labor through the increased math ability of students.

A new health program was instituted this year. This program is particularly evident at the junior high level. All junior high students receive instruction in such areas of safety, nutrition, drug, alcohol, and tobacco abuse.

A faculty committee is reviewing the science curriculum. Recommendations are to be made in the spring. Starting in the fall of 1984, a number of changes will be implemented.

In conclusion, this has been a good year at school. The progress can be seen through the number of physical changes and improved quality of instruction, a year of which we can all be proud.
